

New Mexico State University

2021 Master Gardener Class

The class will cover basic botany, soils, insects and disease, plant selection, xeriscaping, turf, pruning, container gardening, fruit, berry & grape production, home vegetable gardening, basic landscape design, wildlife management, etc.

Whether you are a beginner or have been gardening for years, learn about gardening in New Mexico's high desert.

Reserve your spot in the 2021 Master Gardener Training Course.

The program is offered virtually via pre-recorded zoom sessions.

February 15th through end of May
Supplemental Zoom session on Thursdays at 11:00 a.m. (attend live or watch the recording)

Cost for the class is \$200.00
Registration open until April 2, 2021

Contact the Cooperative Extension Service for more information at losalamos@nmsu.edu

If you are an individual who is in need of special services in order to participate in this class, please contact Carlos Valdez at 662-2656, valdez@nmsu.edu
